

EMPATHY (7)

You care a lot about the world around you. Refill your inner well by journaling or taking a walk in nature so you can continue showing empathy for all sentient beings.

HEART (5)

Your future holds immense joy—but first, you must listen to your intuition and align your lifestyle with your values. Try going vegan.

VOICE (5)

You will find contentment in being a part of something bigger than yourself. Join the movement against speciesism and enjoy being around like-minded people.

STRENGTH (8)

You've grown up in a society that hasn't always told the truth. Listen to your heart to determine right from wrong for yourself, and don't be afraid to see the light.

You seek admiration from others, yet it's what's inside that counts. Next time you purchase beauty potions, make sure they're cruelty-free.

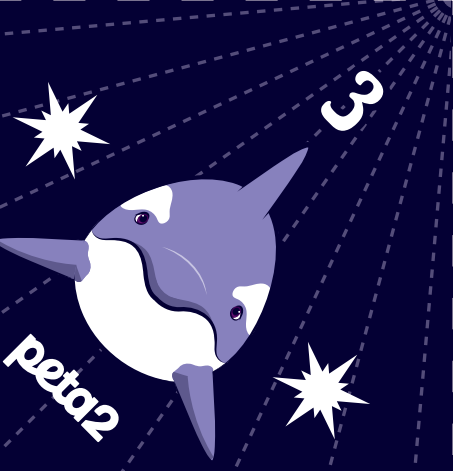

MAGIC (5)

You like to seek adventure and thrills! But cruelty isn't entertaining. Spread the word that animals should never be used for entertainment—and avoid circuses, roadside zoos, aquariums, and petting zoos.

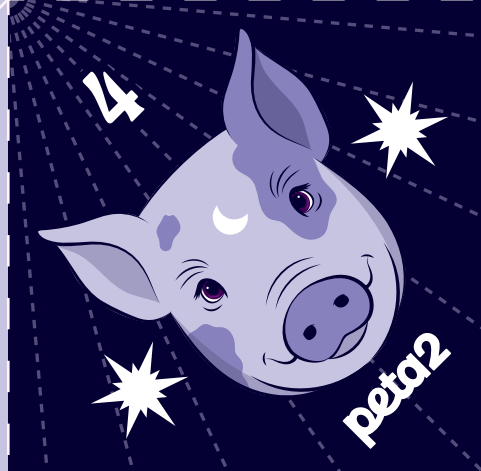

LOVE (4)

You've always loved animals and the natural world. Remember that the best way to show wild animals respect is to leave them alone and work to protect their homes.

COMPASSION (10)

HEAD (4)

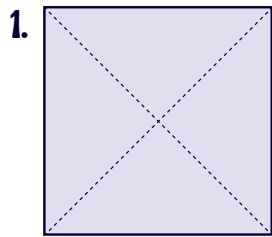

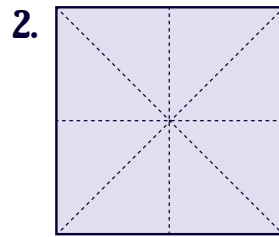

Saving animals is in your future—but how?

See what the universe has in store for you and your friends! Your destiny awaits.

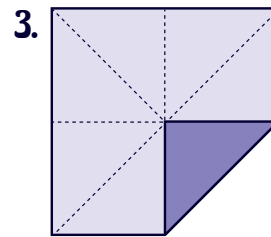

How to Fold Your Fortune Teller

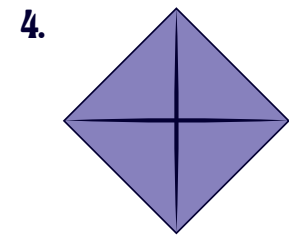

With the side featuring artwork facing down, fold the paper diagonally (corner to corner) and then unfold it.

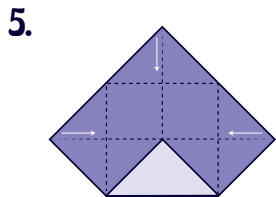

Fold the paper in half lengthwise and then widthwise. Then unfold it.

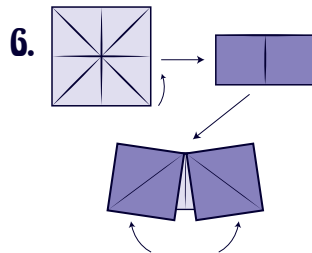

With the artwork still facing down, fold each corner in to the center point.

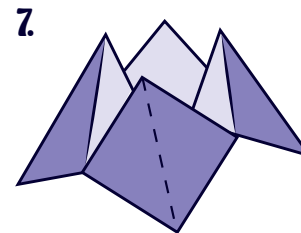

Once all corners have been folded in, turn the square over.

Repeat folding each corner in to the center point.

Fold the square in half so the dark side is facing out, and put your fingers into the four open corners with the animals on them.

Finished fortune teller

How to Tell Fortunes

1. With your thumbs and index fingers in the slots under the squares, take a look at the four different animals.
2. Pick an animal and open the fortune teller left and right, alternating sides, as many times as the number next to the animal indicates. (For example, the pig has a 4.)
3. Select one of the words from the four words on the inside of the fortune teller. Open the fortune teller again, back and forth, as many times as the number of letters in the word indicates.
4. Pick another word and repeat the last step.
5. Pick a third word. Open that inner tab to reveal your fortune!

Now, go forth and manifest a kinder world for animals.
